

HorsefeathersMercantile.com - a site with a history

{rokzoom title=|Horsefeathers Mercantile. Candles and Gourds. Southern Silk soaps.}|images/stories/portfolio/moonkahdevs/horsefeathers.jpg{/rokzoom}

This site is all about selling natural beauty products, gourds, home decor, sporting art, household items, etc.

The HF project began in late 2003. Firstly ran on OS Commerce then moved to VirtueMart under Mambo/Joomla.

Currently the HF site is operated by Chris under Faye's direction.

About Horsefeathers Mercantile Products:

Southern Silk natural soaps are made with coconut, soybean and olive oil. Silkeness of the soap is enhanced by adding silk protein. Sodium hydroxide is used as a catalyst to convert the oil molecules to soap molecules. The sodium hydroxide is consumed by the reaction that does the conversion. The by-product of this process is glycerin and is one reason that the soaps are so gentle and moisturizing to the skin. Our scented soaps have fragrance added. The rose soap contains rose petals and the herb soaps contain various herbs.
