

## Idlewood Homes

{rokzoom title=|Idlewood Homes.|}images/stories/portfolio/builds/idlewood.jpg{/rokzoom}

Twenty years in the new home industry lead to the formation of Idlewood Homes. We are dedicated to adding value to the community by providing home owners with caring quality and service. We work by using a unique process called off-site residential construction, more commonly known as system built homes. Instead of constructing homes outside-where materials are vulnerable to conditions like rain and mud, the critical structural components are put together in a state-of-the-art indoor facility.

Jack Bracewell from PerfectRatio managed this project. Georg applied the RT Versatility iii template while implementing and fine tuning the Joomla extensions.
